

BIOFUZE

Immunity Booster

BIOFUZE is a proprietary blend of essential and vegetable oils for the management of sucking pests (soft bodied) such as aphids and thrips. Certified organic (allowable input) in Australia.

Active Ingredients:

Sesame oil 65.0% Cinnamon oil 17.0%

Benefits:

- Activates the defence mechanism of plants which disrupts the physiological and metabolic processes in insects and pests
- Acts as a repellent
- Safe for beneficial insects, natural predators and pollinators
- Zero residue product
- Suitable for Integrated Pest Management (IPM) program

Application Rates:

1000 ml/hectare/application. Use Biofuzze at an interval of 7-10 days depending upon the pest population.

Mode of application: Foliar spray

Recommended Crops:

Suitable for all fruits and vegetables, nurseries.

Precautions:

- Biofuzze is compatible with most agrochemicals. A "Jar Test" is recommended before use.
- Adopt all precautions recommended for foliar sprays.
- Keep out of reach of children and pets.
