

# CALFUZE

## Specialty Nutrient

**CALFUZE** is a specialty fertiliser containing macro and micronutrients and fortified with biomolecules and plant available silicon. Certified organic (allowable input) in Australia.

#### Active Ingredients:

Nitrogen	1.0%	Phosphorous	1.0%
Potash	0.8%	Calcium	6.0%
Boron	4.0%	Zinc	3.0%

#### Benefits:

- Calcium is sourced from nitrate and chloride free organic source
- Fully water soluble product
- Optimises crop nutritional status
- Suitable for application at pre-flowering stages due to nitrate-free source
- Improves shelf-life of crops

#### Application Rates:

500g/hectare/application  
Mode of application: Foliar spray

#### Recommended Crops:

Suitable for all fruits and vegetables

#### Precautions:

- Calfuze is compatible with most agrochemicals. A "Jar Test" is recommended before use.
- Adopt all precautions recommended for foliar sprays.
- Keep out of reach of children and pets.
