

NUTRIN CALCIUM

Micronutrient

NUTRIN Calcium is a 11% water soluble source of calcium fortified with plant essential amino acids. Calcium helps plants to grow better by strengthening plant cell wall and it has a proven role in activating plant metabolic enzymes and coordinating cellular processes.

Active Ingredients:

Calcium (as Ca) min 11.0% by weight

Benefits:

- Calcium is sourced from nitrate and sulphate free sources
- Improves plant uptake and assimilation of calcium
- Strengthens cell wall
- Assists longer storage life of fruit

Application Rates:

1000ml/hectare/application. Application at pre-flowering, flowering, fruit set and fill stage is recommended for desired impact on plants
Mode of application: Foliar spray

Recommended Crops:

Suitable for all fruits and vegetables

Precautions:

- Nutrin Calcium is compatible with most agrochemicals. A "Jar Test" is recommended before use.
- Adopt all precautions recommended for foliar sprays.
- Keep out of reach of children and pets.
